

2011 SEARi Annual Research Summit

Participant Feedback and Recommendation for Research

Dr. Donna H. Rhodes (*Director and Principal Research Scientist, SEARi*)

October 21, 2011

Cambridge, MA

Massachusetts Institute of Technology

Engineering Systems Division

Feedback on Summit

- Open forum
 - Overall or specific impressions
- Desired feedback
 1. What similar or complementary approaches do you currently use for encouraging ingenuity and innovation?
 2. Are there important ilities and uncertainties that are missing from our research?
 3. What are the key ilities tradeoffs that you face?
- Recommendations for future research

Please continue to interact with SEARi after the summit!
